Instructions to reference writer:
Please provide a critical quality endorsement for the election of IFT Fellows. Consider carefully the credentials of this nominee.
Please note that only IFT Fellows may act as references for Fellow nominations.

Your recommendation should be based on your professional knowledge of the nominee. If you are not familiar, ineligible or have a conflict of interest please inform IFT immediately, so that IFT staff can ask the nominator for another reference.
To advance your nomination to the Fellows Jury, IFT must receive at least three favorable references by February 1, 4 p.m. CST.

If you are either for or against election, the jury wants your reasons. Your opinion will supplement the nomination during deliberations. This form must be sent directly to awards@ift.org. Do not send a copy to the nominee nor to the nominator as your confidential recommendation is seen only by the Fellows jury.

Thank you for your help in raising the stature and integrity of IFT.
