Consistent Supply +

Consumer Demand = Opportunities

Healthy Recognition
- Consumer research¹ shows that 99% of respondents believe blueberries are a healthy food! For exciting new research developments see the blueberry research database.²

Consumer Demand
- Research shows strong demand for blueberry-containing products.³

New Products with Blueberries
- Blueberry products continue with new baking, confectionery, dairy, snacks and other categories.³ Consumers look for blueberries in the product and on the package!

Nutrition Division

Join your colleagues in the IFT Nutrition Division at IFT Connect.

“Get a ringside seat for one of the hottest topics in the food world - how food science intersects with nutrition and healthy eating. The people are fantastic, and IFT makes it very easy to hold leadership positions with valuable support and training.”

Julie Meyer
Co-Chair, IFT Nutrition Division

“Leading the nutrition division helped me make the decision to change my career goals and go in a direction that connects people, nutrition and food science.”

Cathy Davies
Co-Chair, IFT Nutrition Division

Connect with Your Professional Peers.
IFT members can join any one of the 24 divisions that match their interests for free.

Visit ift.org/divisions for details about each special interest group focusing on specific areas of food science and technology and how you can join today.

Get connected.

Join an IFT Division, Engage with Professional Peers.

Focusing on specific areas of food science and technology, IFT divisions provide you with opportunities to connect with other food scientists, ask questions of the experts, and get involved as a volunteer. Division volunteers may be eligible to receive funding to support their travel to IFT’s popular annual event. Some divisions also offer undergraduate and graduate student scholarships.

IFT’s 24 divisions include:
- Aquatic Food Products
- Biotechnology
- Carbohydrate
- Dairy Foods
- Education, Extension, & Outreach
- Food Chemistry
- Food Engineering
- Food Laws & Regulations
- Food Microbiology
- Food Packaging
- Foodservice
- Fruit & Vegetable Products
- International
- Marketing & Management
- Muscle Foods
- Nonthermal Processing
- Nutraceuticals & Functional Foods
- Nutrition
- Product Development
- Protein
- Quality Assurance
- Refrigerated & Frozen Foods
- Sensory & Consumer Sciences
- Toxicology & Safety Evaluation

IFT members also have access to IFT Connect, our networking and knowledge-sharing community.
