IFT is operating its Seeding The Future Global Food System Challenge which is funded by Seeding The Future Foundation. IFT is awarding funds to Awardee contingent upon the following:

A. APPLICATION, AWARD AMOUNT AND PAYMENT SCHEDULE

1. APPLICATION

IFT is awarding Awardee this grant to carry out the project described in the Application submitted by Awardee to IFT (“Project”). The Application’s project title, executive summary, budget, and timeline as submitted in the Application are attached to this Agreement as Exhibit A.

2. AWARD AMOUNT AND PAYMENT

IFT will pay Awardee the total award amount (“Award Funds”) according to the award category and specified in the Payment and Reporting Schedule attached hereto as Schedule 1. IFT will distribute the Award Funds as outlined in the Payment and Reporting Schedule to Awardee no later than 45 days after execution of this Agreement. It is the responsibility of Awardee to distribute any Award Funds to team members, partners, or contractors, if any, identified in the Project plan and budget.

3. MILESTONES AND TIMELINE REPORTING

Awardee shall use its reasonable best efforts to complete the activities set forth in the Project. Awardee shall notify IFT immediately, in writing, of any event that reduces or is likely to materially reduce or delay Awardee’s ability to undertake the activities set forth in the Application. Payments are subject to Awardee’s compliance with this Agreement, including Awardee’s achievement, and IFT’s approval, of any applicable targets, milestones, and reporting deliverables required under this Agreement.

4. REPORTING SCHEDULE

Awardee will submit reports to IFT pursuant to the Payment and Reporting Schedule and IFT’s templates or forms, which IFT will make available to Awardee and which may be modified from time to time. Awardee must demonstrate meaningful progress against the targets or milestones. If meaningful progress has not been made, the report should explain why not and what adjustments Awardee is making to get back on track. Awardee shall notify IFT’s primary contact if Awardee needs to add or modify any targets or milestones. IFT must approve any such changes in writing and IFT reserves the right to reject any proposed changes. Awardee agrees to submit other reports IFT may reasonably request.

B. TERMS & CONDITIONS

This Agreement is subject to the following terms and conditions:

1. MANAGEMENT OF AWARD FUNDS

1.1. USE OF AWARD FUNDS

Awardee may not use the Award Funds for any purpose other than the Project. Awardee may not use the Award Funds to reimburse any expenses incurred prior to the Effective Date. At IFT’s request, Awardee will repay any portion of the Award Funds and/or Income (as defined below) used or committed in material breach of this Agreement, as determined by IFT in its discretion.
1.2. ACTIVITIES IN THE U.S. BY ORGANIZATIONS OUTSIDE OF THE U.S.

This Section 1.2 applies only if Awardee is a non-U.S. based organization. Awardee may not use more than 20% of the Award Funds for activities in the U.S., including travel to or from the U.S. This limitation does not apply to Awardee’s sub awardees or subcontractors that: (a) are independent from and not controlled by Awardee; (b) have provided Awardee an application and budget describing how the Award Funds will be used, and Awardee has determined that the activities and costs are reasonable; and (c) are not Awardee’s agents.

1.3. SEGREGATION OF ACCOUNTS

Awardee must maintain separate accounting records dedicated to the Project so as to clearly show how award funds were spent during the award period.

1.4. DIRECT AND INDIRECT COSTS

Costs allowable under this Agreement are based on the Project and budget and shall be consistent with Awardee’s policies. The Award Funds may be used for direct expenses such as personnel, cost for using existing hardware, existing pilot plant or existing laboratory infrastructure, necessary travel (coach class), supplies, new equipment if specified in Exhibit A, contracted services, sub-grants, and consultants. The Award Funds may be used to pay any indirect costs so long as the aggregate amount of indirect costs does not exceed 6% of the total Award Funds. Indirect costs are defined as (1) overhead expenses incurred as a result of the Project, but that are not easily identifiable with the Project and (2) administrative expenses that are related to overall general operations and are shared among projects and/or functions. Examples of indirect costs include, but are not limited to, rent, insurance, gas, and electricity.

1.5. INVESTMENT OF FUNDS

In the event that Awardee chooses to invest Award Funds, Awardee must invest the Award Funds in highly liquid investments with the primary objective of preservation of principal (e.g., interest-bearing bank accounts or a registered money market mutual fund) so that the Award Funds are available for the Project. Together with any progress or final reports required under this Agreement, Awardee must report the amount of any currency conversion gains (or losses) and the amount of any interest, or other income generated by the Award Funds (collectively, “Income”). Any Income must be used for the Project.

2. INTELLECTUAL PROPERTY RIGHTS

Awardee will maintain ownership of any and all Background Technology and Funded Developments; provided, however, Award Funds may not be used to limit third party access to Funded Developments or any innovations created with the use of Award Funds. Award Funds may not be used to file any patents.

“Funded Developments” means the products, services, processes, technologies, materials, software, data, other innovations, and intellectual property resulting from the Project (including modifications, improvements, and further developments to Background Technology). “Background Technology” means any and all products, services, processes, technologies, materials, software, data, or other innovations, and intellectual property created by Awardee or a third party prior to or outside of the Project used as part of the Project.
