	Optional Impact Innovators Solution Database Questions	IFIT and the Seeding the Future Foundation invite you to join the Seeding the Future Global Innovators Solution Database and Network which is intended to a) Enable IFIT and STF to promote and share your innovation with other NGOs, global intergovernmental organizations such as the FAO, WFP, or larger philanthropic organizations, and b) participate in networking events to share experiences and address key needs and opportunities. If your application is at least shortlisted to advance to the semifinalist level, the Name and website of your Organization, Project Title, Executive Summary / Project Description, projected impact, benefiting country and SDGs addressed will automatically be included in the Global Innovators Solution Database and Network and may be shared on IFIT's and the Seeding the Future's website as well as in press releases if your application advances further. If you would like to further showcase your project in the Solution Database, please fill out the items below. These items are optional and will not be included in the evaluation of your Challenge application and will not impact your award status. Would you like the provided information below to be included in the Seeding the Future Global Impact Innovators Network and allow IFIT and STF to: Yes Share the information provided below with other global and regional organizations concerned about reducing the SDGs (for example the FAO and other large, globally operating philanthropic organizations) for general awareness about our innovation, to highlight our initiative as an impact or best practice, or enable additional support to accelerate our impact, and provide a vehicle to enable intentional networking for network participants and enable the creation of communities of practice or peer to peer interaction and share insights or advice, or participate in regional or national events where participation may benefit our initiative.
